THE COLE NURSERY CO.
700 ACRES
PAINESVILLE, OHIO

"Everything That's Good and Hardy"

**IT IS GENERALLY RECOGNIZED AMONG THE NURSERY
TRADE THAT THE EQUIPMENT OF THE COLE
NURSERY CO. IS IDEAL**

The most complete plant of its nature in America. Nurserymen constantly visit us to get equipment information. They realize that the nursery product is a living thing and that it must be handled in the most approved manner to give the success that is necessary to hold their customers.

We have our own private water works and irrigating system and every available improvement for producing the best stock possible, handling and shipping it to reach purchasers in most satisfactory condition. We have our own machine shops for quickly handling repairs to motors, sprayers, tractors, trucks, heat and water systems; railroad cars run right to our great packing buildings and greenhouses.

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

Two per cent off for cash before shipment on orders amounting to ten dollars or more. To parties having satisfactory credit arrangement or account with us, one per cent ten days, thirty days net.

No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

COLE'S ROOT-PRUNED SHADE TREES

Are always in heavy demand with those careful buyers who want only the best. *Cole's Spacing*, which gives the trees ample room to develop properly, is another reason for this demand.

1881 — COLE'S GOLD

AS A GROWING CONCERN with a successful record of half a century it is befitting at this time to say a few words about our fifty years of progress.

In 1881 Mr. W. B. Cole who is still active as president of our Company became part owner of a small nursery located at Painesville, Ohio. From this small beginning with a few acres The Cole Nursery Co., by fair dealing, quality stock and conscientious service has grown to be one of the leading nurseries in the country, with 700 acres around Painesville, Ohio, intensively cultivated and more being added.

To keep pace with the rapid increase in business a mammoth storage cellar containing over 50,000 square feet was erected in 1921, our greenhouse and propagating facilities quadrupled, modern machinery for rapid and economical handling of stock installed, and a large fleet of trucks put in service to expediate deliveries.

We are today propagating and growing a complete line of nursery stock in a center of the industry where climate and the soil are unexcelled for growing all kinds of hardy nursery stock and where experienced help is always available.

COLE'S TREE MOVING E

ED'S JUBILEE — 1931

In 1923 The Cole Nursery Co. was incorporated with Mr. W. B. Cole as President. D. B. Cole, and the late G. S. Cole, sons of the founder, constituted the Board of Directors. The present officers are W. B. Cole, President and Founder; D. B. Cole, Secretary and Vice President; W. A. Cole, Treasurer, all active in the business.

Mr. E. B. George has recently become affiliated with us. "Ed's" life-long experience in the Nursery Business has proven a great asset in carrying on and advancing our Policy of Quality Nursery Stock and Service.

To our customers who have by their patronage helped to develop our business, and thereby contributed to our success we are very grateful. We want to assure you and all new customers that the Cole policy for 50 years of fair dealing, quality stock and conscientious service will continue.

With best wishes for your success and hoping for your continued patronage and friendship.

We are faithfully yours,

THE COLE NURSERY CO.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See pages 64 to 68.)

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting. Let us have your list of wants.

PEONIES

Cole's Peony Collection comprises two hundred and fifty (250) varieties. By continual study and observation we have procured this enviable collection. We continually stress quality, and with this in mind we eliminate each year ten to fifteen of the least desirous varieties and add as many new ones for testing. You can see you will be sure of receiving a worthwhile variety—no matter which one you order.

Disease-free plants are necessary for continued bloom and success. Cole does not hesitate to discard any plant showing the slightest sign of disease.

Let us quote you on any varieties required.

The Cole Tree Digger and Root Pruner

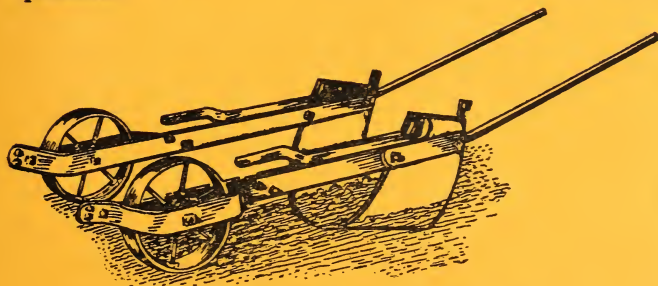

Greater Durability—Less Draft—Easy Adjustments

The above illustration shows the Cole Digger in operating position.

Features: Special "V" shaped cutting edge on blade which prevents clogging. This same "V" shape gives lighter draft because of its shearing action, and at the same time insures the digger staying in ground at uniform depth.

Operation: Strictly a one-man digger. Easily lifted from ground by one-man operator. Write us your digger problems.

The above illustration shows the Cole Digger with lever thrown forward and the blades tilted and being drawn out of the ground by this simple operation, no hand lifting being required.

Special circular on all sizes of digger on request.

Price of three sizes as follows:

12 inch \$ 75.00 each. Price of Blade separately \$37.50
18 inch 100.00 each. Price of Blade separately 50.00
24 inch 125.00 each. Price of Blade separately 62.50
